6. Mr. Townsend of the Chamber of Commerce at Fairfax County called to inquire as to the progress of our building plans. I told him that probably we would not be letting a contract until the Spring of 1958 but that we might let one for site development work sometime this Fall. He was interested in concessions, and in this connection I told him that we were thinking of having a concessions building on the property with something like a lease/purchase arrangement. He said that he would be very interested in knowing when we were ready to proceed on this basis inasmuch as he thought he could produce businessmen who would be willing to pay for the building if they were guaranteed a long-time rental.

7. With Mr. Dulles had lunch with Senator Thomas H. Kuchel, Republican from California, who appeared to be very friendly and appreciative of the Director having him over.
